Ottawa, Ontario
July 26th, 1950

Mr. P. N. Pitcher
Mine Superintendent
Giant Yellowknife Gold Mine
Yellowknife, Ontario

Dear Sir:

The following are the results of the water samples expressed in milligrams of elemental arsenic per litre of water:

<u>Sample #</u>	<u>Milligrams As per litre</u>
1 - 1	0.34 ✓
1 - 2	0.39 ✓
1 - 3	0.80 ✓
1 - 4	0.15 ✓
1 - 5	0.15 ✓

As I hope to take a weeks holiday during the week of August 7th, you might send in the second lot of samples to arrive as soon as possible; they could then be reported to you before August 7th.

The samples of vegetation will be finished this week and you will be advised at once.

Very truly yours,

J. L. Monkman
Chemist
